Comments:

In my opinion, the Stormwater issue is of utmost importance in terms of both environmental and economic issues impacting the Borough. I very much hope that significant funding will be allocated to addressing this issue, from the readwaters down stream.

All input will be reviewed during Borough Council's discussion of American Rescue Plan funding at the May 2022 Work Session meeting.

Message	A mini golf course on the parking garage. That's a big ask...but what isn't a big ask i investment in or advertisement of the parking garage. Make it more approachat and well known. Better signage, more bike racks there (for traditional and e-bikes). Hold parklets or events on the roof for the novelty of it. Maybe recruit some murals.

Please consider installing public restroom in the borough's municipal parking garage. These facilities would greatly enhance the downtown and IRMC Park's utility and appeal. The restroom facilities would reduce the burden on the local businesses, help tourists and downtown patron's spend a more comfortable time in the area. This parking facility is an ideal location for this endeavor as it is convenient to the downtown shops, tourist areas, and IRMC Park. That the facility is already plumbed and electrified reduces the need and expense to start such a project from scratch. Thank you for your consideration this matter. Sincerely, Stuart A Sampson

I like the Sidewalk repair program.
Another idea would be to fix the potholes
on the roads around the area.

Comments:

I think that funds should be spent on a geothermal heat pump for both the community center and the Borough Building. The long term savings would easily justify the initial expense.

As for the Street Light Improvements, if the process hasn't already been started, we should invest in LED Lamp replacements of the current units.

Comments:

- Side walk repair
- Permanently close IREMC^{park} to traffic and create a green space. Ice rink in winter. Panel shell in summer for concerts.
- Repair Nixon for more use due to closing 7th
- Winter heaters for IREMC PARK.
- Fund community and local school music programs
- Create a Christmas tree or some common art pieces for businesses to paint. Similar to Poxxy GroundHogs or other community groups.

Visit <https://www.indianaboro.com/arp> to stay up to date on American Rescue Plan funding.

- Declare an Identity for INDIANA. Like the Cultural Capital of Indiana County.
- Better information about community events ~~and~~

I would love to see the Vinegar Hill stairs power washed and cleaned up. And perhaps a re-grouting and sealing of the brick areas on those stairs as well. A lot of money was spent on the renovation of the stairs. In order to keep them safe and in optimal condition, they need to be maintained on a regular basis. Please consider this much-needed project as the stairs are used by many and safety should be a concern.
